Guest Policy: With the concurrence of the instructor, a member may bring one guest to one session of one class per semester. The member shall also notify the class ambassador in advance with the name and contact information for the guest.

The above policy does not apply to hikes, trips, or performances for which multiple guests may be escorted by the member. Advance notification (and payment if there is a fee for the event) is still required, as noted in the particular hike, trip, or performance description. Members will be given priority over guests for tickets, up until the RSVP date. However, we make every effort to accommodate all members and their guests seeking tickets for one of our offerings.

To protect everyone, we will continue to follow any venue-specific Covid protocol requirements in effect at the time of the class, trip, or performance.

Please provide the above information for yourselves and your guests, so that our group leaders and ambassadors have this important information for everyone in the SCHOOL group attending the event.
